

Attention OHIOIANS!!

There is good news and bad news!

First the bad news:

I read in the paper that due to lack of funding from the state; teachers, counselors, programs and extra activities are being cut. Many activities are now pay-to-play but for many it will be unaffordable. Our students will have problems with career guidance because of a lack of counselors. School nurses are also on the chopping block. We will also see larger class sizes.

Nursing home funds are being cut.

Smokers quit line not in state budget. What happened to all the money from the tobacco industry?

NOW FOR THE GOOD NEWS!!!

ON July 11th THE STATEHOUSE WILL HAVE A FULL-SERVICE BAR!!!

I was really worried our politicians would suffer!!!
